G. B - KALEE

CINEMECCANICA

FIVE

PROJECTION

- ★ **THE PRICE IS RIGHT**—and the G.B-KALEE ASSISTED FINANCE PLAN takes the money difficulties off your shoulders.
- ★ **THERE ARE NO "STRINGS"** attached with CINEMECCANICA installations—it can operate with your existing sound equipment and stage end arrangements.
- ★ **UNIQUE FACILITIES WITH CINEMECCANICA.** A really Dual Purpose Projection Equipment—AN INVESTMENT FOR THE FUTURE—so that you can show the best of the World's films, in either 35-mm or 70-mm NOW.
- ★ **CINEMECCANICA SUPER ZENITH High Intensity ARC LAMP** with specially designed 18-inch mirror, and unique air cooling extractor system—to give you superb illumination and coverage with the lowest running costs.
- ★ **GALILEO LARGE FORMAT LENSES** for 70-mm Projection. Specially designed to give clean, clear, edge to edge definition over the largest screen. Available in a complete range of focal lengths. Supplementary lenses unnecessary.

CINEMECCANICA Equipment is installed in 50 per cent. of Italian cinemas — throughout the Continent, and in some of the World's largest liners. CINEMECCANICA equipment with the Super Zenith arc lamp was chosen also for the largest Cinema in the World (13,000 seats), with the world's largest Perlux Screen (85 ft. by 51 ft.) at the Mexican Film Festival.

Show the best of the world's films

70-mm Todd—6-track magnetic recording.

35-mm CinemaScope—4-track magnetic recording.

35-mm CinemaScope—Optical recording.

35-mm CinemaScope—Mag/Optical recording.

35-mm Wide Screen any aspect ratio—Optical recording.

35-mm Standard—Optical recording.
