

## HORIZONTAL MODEL

The above illustration depicts the **Junior Bench** fitted with a **Horizontal Rewinder** as used by many of the Film Renting Houses.

It makes a very suitable inspection table and is fitted with a **Formica Top** and **Viewing Panel** (not illustrated) and is similar in construction and finish to the **Junior Model Bench** specified overleaf.

Also supplied are the **compartments for Cement, Bottles and Brushes**. It can be accommodated in a space 3 feet 8 inches by 1 foot 9 inches.

The price of the unit comprising **bench, rewriter, viewing panel**, etc. is :

~~£45.0.0~~ Price on application.

Celluloid Waste Bin as illustrated extra:

**£2 - 0 - 0**

## REWIND BENCHES

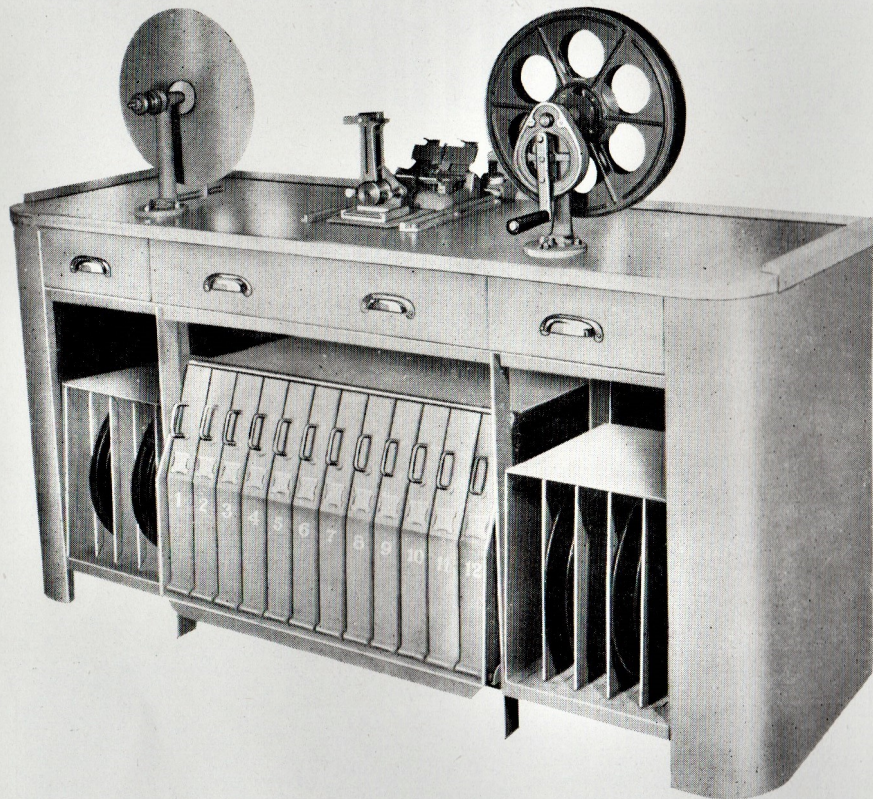

# REWIND

## DE - LUXE MODEL

This all-in unit has a **Formica bench top**; a **Rewriter** (fitted with a **Premier Film Keep**); a **de luxe Film Joiner** (with the popular new scraper for use with both Tri-acetate and Nitrate film stock); a **Film Waxer**; accessible **compartments for Cement, Bottles and Brushes**; spacious **drawer accommodation** for tools and spares; a **Premier Patent 12-way Spool Cabinet**; and **two open 6-way Spool Cabinets**.

It can be accommodated in a space 6 feet by 2 feet.

The complete assembly as above, which is most elegantly finished in grey enamel, is moderate in price, being only :

~~£190.0.0~~ Price on application

Bench only with Standard Rewinder (No. 5 Model):

~~£60.0.0~~ Price on application

Viewing Panel can be supplied at an additional cost.

# BENCHES

## JUNIOR MODEL

This **Junior Model** has been primarily designed for smaller cinemas where space considerations preclude the installation of the de luxe model ; but it is eminently suited for use as an auxiliary to its 'big brother' in super cinemas where two benches are required.

It is also **constructed entirely of metal with a Formica top** and it is finished in the same attractive and durable manner. It can be accommodated in a space of 3 feet 8 inches by 1 foot 9 inches.

This **Junior Model** comprises the bench itself together with: the **Rewriter** (also with the Premier Film Keep) and **drawer accommodation** for tools and spares, and **compartments for Cement, Bottles & Brushes**.

There is a recess below dimensioned to accommodate any of the various Premier 12-way Model Spool Cabinets (though a cabinet is not an integral part of the unit).

The cost of the unit, comprising **bench, rewriter** and **drawer**, is indeed again most moderate at :

~~£36.0.0~~ Price on application

12-way Standard Spool Cabinet as illustrated, extra

~~£9.18.0~~ £10. 10. Od.

Viewing Panel can be supplied at an additional cost.
