IMPORTANT!

WHEN ORDERING PARTS BE
SURE AND MENTION THE
SERIAL NUMBER OF THE
MECHANISM FOR WHICH
THEY ARE INTENDED

PRICE LIST

of PRINCIPAL SIMPLEX PARTS

INDEX TO ASSEMBLIES

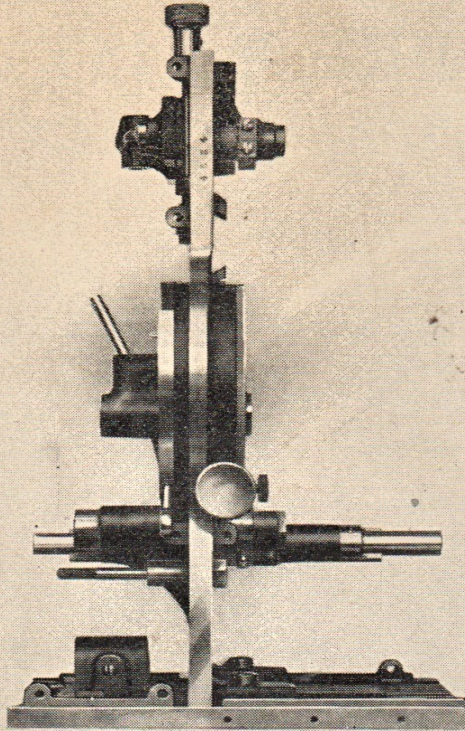

A	Centre Frame Assembly
B	Intermittent Case Assembly—Eccentric
BB	Intermittent Case Assembly—Double Bearing
C	Mechanism Assembly
D	Outside Mechanism Assembly
E	Film Trap Assembly
G	Inside Mechanism Assembly
I	Incandescent Lamphouse Assembly
L	Pedestal Assembly
M & P	Rewind Assembly
R	Simplex Accessories
U	Upper Magazine Assembly
W	Lower Magazine Assembly

NOTE

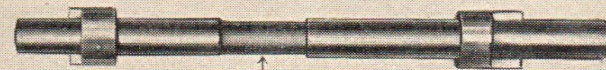

One letter of the above list appears after every individual part number in this catalog and indicates the assembly on which the part is used. The first letter is descriptive as for instance B-223-L is the Pedestal **Base**. The B standing for Base, 223 the part number. The L shows that it is a part of the L, or Pedestal Assembly in accordance with the above.

I-12	Holder:	Mirror Holder	4.00

*These parts are not sold separately.

You are cordially invited to visit the factory of the International Projector Corporation and witness the operations that enter into the manufacture of Simplex Parts and Simplex Projectors. In our factory, the oldest and largest of its kind in the world, all parts are made to certain definite measurements and some with a precision that is exceeded only in the manufacture of fine scientific instruments. Such accuracy is costly but absolutely necessary and involves long experience, a huge investment, special machinery, superior workmanship and specially selected materials. For these reasons we have extended this invitation.
